Primary Maker

Hanna & Hanna

Medium

gelatin silver print

Dimensions

3 × 4 1/4 in. (7.5 × 10.7 cm)

Object number

PA1980.061.368

Description

The new St. Mary's High School is located at 214-220 North Seventh Street between Copper Avenue and Tijeras Avenue in Albuquerque, New Mexico. The two-story brick building had large windows along the first and second levels. There is decorative trim along the bottom of the windows, near the top, and along the roof of the building. To the right in the frame, the center of the building has a grand four-door entry area. Above the doors is a stone carved Saint Mary's High School sign. In the left of the frame, in the foreground, there is a large tree and sidewalk. To the far right in the frame, there is an edge of a house.
